## ADI: Changing the Text and Link on a Button

You can choose what the buttons on your site say and where they link to.

### To edit a button:

1. Click the page section that contains the button inside ADI.
2. Click **Edit**.
3. Enter the text for your button in the **Button Text** field.
4. Click **Edit Link** in the **Link** field.
5. Select the link for your button.
6. Click **Done**.

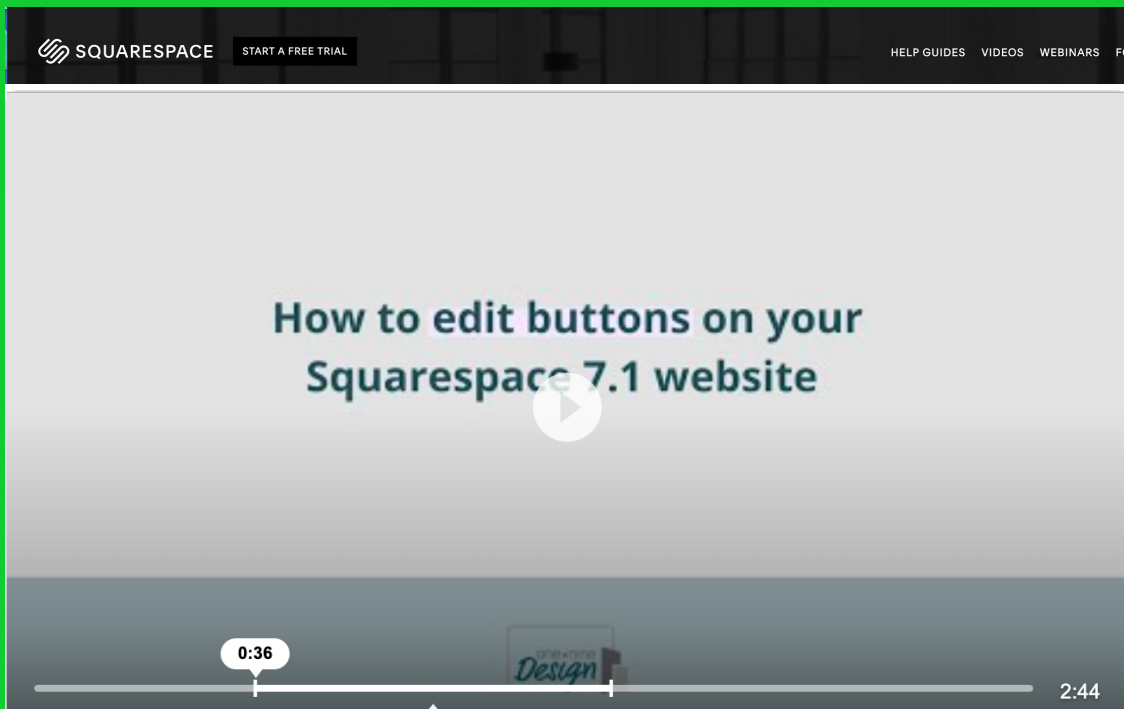

To update the link for the donate button on your website, first log into your ZOOMGIVE user portal, click on the campaign you would like to connect to your donate button and click copy campaign link.

Next, sign into your website platform and follow the directions below.
